The Crawley Legal Walk raises vital funds to extend the services of Citizens Advice in Wes Sussex .

By walking and raising money you can help us to ensure their survival.

Free legal advice charities make a huge difference to people's lives.

Legal advice centres give free advice to people in need so they can get justice. However, cuts to both local government funding and legal aid have forced many centres to close. Many others have been forced to restrict services to ensure survival.

As the cost-of-living soars, the funds we raise together will be a beacon of hope for those struggling in our community. Our collective steps will keep the lights on, and doors open for individuals facing dire circumstances.

We believe everyone should have access to justice. At the end of 2023, 4 million families (34% of all those on low incomes) were sitting on debts used explicitly to help pay for food, housing costs and other household bills.

Who are we?

The London Legal Support Trust is an independent charity that raises funds for charities in London & the South East.

We support the provision of specialist legal advice through law centres, advice agencies and local citizens advice by providing them with grant funding alongside other forms of support. We raise funds from fundraising events. We also receive ad hoc donations from law firms and chambers.

In addition to funding we offer our knowledge, contacts and experience of the sector to help agencies become more sustainable.

Registered Charity number: 1101906
